

Spearbit Sample Audit Report
Client: Sample Bridge

5.1.1 Bridge admin can sweep user deposits

Severity: High Risk

Context

adminSweep in contracts/Bridge.sol:300 lets the admin pull any ERC20 from the bridge contract.

Impact

Trusted role can rug pull all bridge liquidity.

Recommendation

Restrict adminSweep to whitelisted tokens or remove the function.

Resolution

Disputed - the team considers admin trust the intended model.
